Times New Roman # 12

Welcome to the PSU Phuket International Conference 2018 (PSU PIC 2018). We are pleased that you are planning to present at our conference. Authors presenting papers to the PSU PIC 2018 Conference should use this template to prepare and upload the abstract. *Please use this template in preparation of your abstract for the conference.*

Your abstract will appear in A4 sized (21 cm × 29.7 cm) sheets and photocopy exactly the same as it is received. The template is used to format your paper and style the text. All margins, column widths, line spaces, and text fonts are prescribed; **please do not alter them**. This permits side margin of 21 mm each. The top and bottom margins should be 29 mm. For the blind review process, please do not include the author's names in the submitted abstract.

The length of the abstract text is 1-2 pages. The abstract should be typed in single column. The font size to use for the title of the paper is 16-point Times New Roman bold. The author(s) and authors' address(es) should be typed in the font size 12-and 10-point Times New Roman italic respectively with one line space between author(s) and address(es). For the body of the abstract, the font size should be 12-point Times New Roman with single spacing (as shown here). Citations within the text must be based on the 6<sup>th</sup> edition of APA style. Full justification is recommended. Please do not use any endnotes or footnotes. A page number is prohibited.

Your abstract should include a concise statement of objectives and a summary of important results. The abstract should highlight new and significant work relevant to five topics: "Environmental Technology and Management", "Computing Theory and Technology", "Hospitality and Tourism", "International Business" and "International Language and Culture" under the theme of "Creativity and Innovations for Global Development". The purpose of the abstract is to provide a concise summary of the highlights of the study or subject but provide sufficient detail to reviewers to recommend for presentation at the PSU PIC 2018.
